## Workshop Sessions Description

### What children will get:

This Interactive workshop for children **ages 7-17** is part support, part education and designed for children who have been adopted. This workshop will allow children to:

- Connect with other children in adoptive families
- Learn skills and tools to cope with strong feelings
- Build comfort and confidence in talking about adoption both with their family members and others
- Have FUN!

### What parents will get:

Parents will participate in the Caring for Children Who Have Experienced Trauma workshop. This workshop gives caregivers the opportunity to:

- Connect with other adoptive parents to share resources
- Learn how a child's prior experiences can impact their behaviors
- Explore ways to enhance their strengths as a parent
- Share and learn new skills to influence their child's behaviors and attitudes

**Due to limited space, registration is required.**

**This group is open to children who are adopted and their caregivers.**
